## Would you like to enjoy noble scents in all facets, pure and natural?

The AromaStreamer® 650 is a small, solid and reliable room fragrance device which works with the principle of nebulization.

A smooth and micro fine nebulization of exclusive perfume compositions guarantees a quick aromatization of areas up to 100 m<sup>2</sup>. The integrated multi-function timer can be programmed easily and quickly to the operating hours of your choice.

Furthermore you can set different fragrance intensities per day to guarantee a unique scent intensity appropriate to your demands. The included odor absorber in our fragrance compositions removes and neutralizes unpleasant odors quickly and effectively.

On request different exclusive designs are available. On top of that you can order the AromaStreamer® 650 in a color of your choice. Get inspired by our unique choice of designs!
